THE BANKS ARE AT WAR

MAKE IT WORK TO YOUR ADVANTAGE !

Demand for home loans has been at a record low and competition between the banks is at an all time high!

Banks are cutting mortgage rates in an attempt to gain a larger slice of a shrinking pie.

The deals are unprecedented, and **you may be surprised at how much you can save by refinancing your mortgage.** The banks are focused on winning new business, so the special deals on offer are generally only available for new loans and they won't last long!

Lenders have indicated that these offers are available for a **limited time only**. We believe that, to be confident of qualifying, we need to apply within the next month.

To determine your potential savings and to start the ball rolling, contact Patrick Kazzi, Lending Director at Prime Partners on 02 98797005 or email pkazzi@primepartners.com.au
